*Dear John,*

Thank you very much for the attention you gave to an old cobbler during my visit to Washington. I enjoyed the opportunity to revive old memories with you and regret that I was unable to spend more time with you. I particularly appreciated the briefing you gave me and will write to you through official channels on the subjects we discussed.

Thank you once again for your kindness - I hope it won't be too long before you have the opportunity of once again visiting us [redacted]

*Yours sincerely*
